

your

Shoes
were

Made for walking

We want them !!!

YOUR unwanted shoes are wanted in Africa and in the Himalayas !!! You can do magic for people who cannot afford shoes in the poorest regions on earth by donating your gently worn shoes. Make sure they are clean & in good condition - preferably shoes you have hardly worn. Stuff in a pair of socks - which help avoid blisters - and your present will make a huge difference to the poorest people in the world. It is estimated that over 300 million children around the world have never owned a pair of shoes. Many poor people cannot afford good shoes and their chance of finding a job is hugely influenced by it too. In wealthy countries we often dispose of shoes which are hardly worn or have plenty of life left in them. If you have walking shoes or joggers (or kids shoes) which are either of "Gently Worn" or New condition, then drop them off at the collection point listed below

We will ensure that good shoes are shipped and delivered to people in REAL need and you can get updates on the progress of the campaign if you choose to give us your email address.

Please note; an average pair of good quality shoes—hardly worn—are worth two or three months SAVINGS to a poor person. Many people cannot ever afford a good pair of shoes and endlessly spend money on cheap low quality plastic shoes that only last a short while (creating unnecessary landfill). So please help us give a present to those in real need. You'll be surprised how far your shoes will go !!!

Please deliver your shoes to
affix your collection point details here

Collection Point tip: Once you have a box full, ship to North Sydney TAFE College Association, 213 Pacific Hwy, ST LEONARDS 2065. Australia Post will ship boxes of up to 20KG for only \$8. Alternatively drop off at nearest TAFE college. Campaign will run all of 2010 ...

First batch will go to HAITI if we are quick enough (February / March collection).
Second batch to Nepal. Third batch to Africa.
